# We Want a Better State's Attorney

Believing a change in the office will result in a better administration of justice, we urge the Republican voters of Washington county to cast their ballots next Tuesday for

## H. C. Shurtleff of Montpelier

For State's Attorney. He is a man who has always attended to every duty put before him, in strong contrast to the way the affairs of this office have been administered under the present incumbent.

At the March term of county court this year there were forty odd state cases on the docket. Mr. Gleason tried only one of these cases and the jury brought in a verdict of not guilty. The only other case disposed of was that of a woman who, on a plea of guilty, was sentenced to seven months in jail and then released on probation. Because of this neglect Mr. Gleason was rebuked by the presiding judge.

During his term of office Mr. Gleason had placed in his hands sufficient evidence to obtain the conviction of several law breakers. He failed to bring any of them to trial.

At the time when the construction of a new bridge and the straightening of the highway at the Tabor crossing, on the Montpelier road, was being argued before the public service commission Mr. Gleason appeared as attorney for the people of the state and at the same time appeared as attorney for the Tenney corporation. How could Mr. Gleason serve two masters?

A vote for Mr. Gleason is a vote to continue inefficiency in office. Do you want this kind of service?

Negroes Unload Deutschland.  
New London, Conn., Nov. 4.—The work of unloading the German undersea merchantman Deutschland, which came quietly into port early Wednesday morn-

ing, went forward yesterday. Eighty negro stevedores brought here from Baltimore are taking out the cargo and storing it in the warehouses of the Eastern Forwarding Co. on the state pier.

### REPORT VILLA NEAR TORREON

Message Tells of the Capture  
of the City of  
Parral

TO KILL ALL  
THE AMERICANS

Rebels Rob Train and Beat  
Up the Passen-  
gers

El Paso, Tex., Nov. 4.—Villistas have captured Parral, Chihuahua, from a Carranzista force of 2,000 in command of Gen. Luis Herrera, according to persistent reports here yesterday. Denial of the fall of the town was made yesterday by Eduardo Soriano Bravo, the Carranza consul here.

Code messages to army officials, however, told that the bandit chieftain not only has taken Parral, but is attacking Torreon. Villa is reported to have ordered all Americans to be killed and also to have passed a death penalty upon all natives who are known to have aided Americans in any way.

Apprehension is felt for the safety of the nine Americans known to be in Parral. Four of them were employees of the Alvarado Mining & Milling Co. They are T. G. Hawkins, A. W. Morris, Leslie Webb and Howard Gray. In Parral also were W. E. Palmer and another employee whose name is not known, of the Parral & Durango Railroad Co.; Dr. T. J. Flannigan, W. E. Crowell of the Guadalupe Milling Co., and C. R. Smith of the National Mines & Smelter Co.

After the reported seizure of Parral Villa was said to be slaying the civilians as his whim dictated. Women and children have been stripped of their clothing and driven out to see their husbands butchered.

Parral is in southern Chihuahua, 110 miles below Chihuahua City and 34 miles southwest of Jimenez. The garrison, under Gen. Herrera, was well supplied with ammunition, guns and equipment, but it has been reported that the Carranzista soldiers refused to fire on the Villista soldiers as they approached the town. The commander and the few loyal soldiers remaining fled to the mountains for safety.

A train southbound from Juarez to Jimenez Monday was held up and looted by Villa bandits in spite of the military guard of 20 Carranzista soldiers. The outlaws took the clothing from the women passengers. A German physician, Dr. Haffner, was struck over the head with the butt of a rifle because the bandits thought he was an American.

Two hundred under the command of the Murga brothers and Solvestre Quevedo were in the raiding party.

### MONTPELIER

Seminary's Aerial Attack Too Much for  
Randolph "Aggies."

With a team superior in weight and capable of putting up a strong offensive game, the Randolph Aggies were almost helpless against Montpelier seminary's aerial attack and Coach Maiden's charges piled up a 32 to 12 victory on the seminary campus, Montpelier, yesterday afternoon. Twice Hatch crept to the sidelines unobserved and twice received long forward passes from Granai and ran 90 yards for touchdowns. St. Mary made the most spectacular run of the game in the third period, when he carried the ball on a triple criss-cross play and gave a beautiful exhibition of open field work, throwing off several opponents. Granai also made a long sprint after diving through Randolph's line and the fifth touchdown was the result of two long forward passes.

The visitors scored in the second period after having all the better of the opening quarter. The fortune of the game played an important part in the first score, an attempted dropkick by Randolph resulting in the ball hitting the rush line and a visiting player recovered the ball on the eight-yard mark. Palmer carried the ball across on the third rush from that point.

Granai and Hatch, who were kept out by Coach Maiden because of injuries, entered the game after the score had been made and Granai engineered two forward passes with Marr on the receiving end which carried the ball to the two-yard mark. St. Mary made the touchdown.

Randolph kicked off to start the second half and almost at once the shoeing play was worked and Hatch had crossed the goal line. After that the Randolph players appeared to be almost helpless on attack and defense and the local team ran up a big score. St. Mary and Owen, seminary's big fullback, played hard consistent football and deserve much of the credit along with Granai. Hatch was suffering with an injured hip and did exceedingly well, considering the handicap.

Mrs. Nancy Gordon died last night at 7:30 at the home of her daughter, Mrs. Drew, 21 Main street, at the age of 70 years, from the effects of a shock which she suffered the early part of September. She formerly made her home with her son, William Gordon, at their farm on Jones brook, where she was first taken ill. She was later removed to her daughter's, where she died. She is survived by a brother, C. A. Drew of Springfield, Mass.; two sons, Will and Arthur Gordon; and one daughter, Mrs. C. A. Drew. The funeral will be held from the home of Mrs. Drew to-morrow afternoon at 2:30, Rev. F. A. Blomfield officiating. Interment will be in the family lot in Green Mount cemetery.

Steel to be used in the construction of the state building, which was shipped from Youngstown, O., nearly a month ago and which has been anxiously awaited by the contractors, arrived in the city to-day. W. A. Cladin, resident architect for Denmore & Leclerc of Boston, left early in the week for Buffalo, N. Y., where the shipment was held up for nearly three weeks and traveled with the steel from that point. If the mild weather continues until the end of November the contractors expect to have the roof completed, which will enable work to be done on the inside of the building during the winter.

Mrs. Ira Richardson left this morning for Lowell, Mass., where she will visit relatives for a week or ten days.

Mrs. Smith S. Ballard leaves to-night for Washington, D. C., where she will attend the wedding of a cousin and from there will go to Palmerton, Pa., to visit with her son, Richard, for two weeks. Mrs. Ballard will not leave for the South until later.

Jessie E. Wharton left this forenoon for New Haven, Conn., where she will make an extended visit with relatives.

Miss Pauline Darling of Chelsea, who is teaching school in Williamstown, arrived in the city this morning for a visit with her sister.

E. E. McDonald went to-day to Sunapee Depot, N. H., for a visit with friends.

### Secure Ajax Tires Now and Save Money

We have contracted for many more thousands of dollars' worth of tires in 1916 than any previous years, and our sales have been greater this year than ever before.

We have not sold, however, in 1916, all that we have contracted for. We are short on our contract about two thousand dollars (\$2,000.00). Now, in order to secure our rebate from the factory, we will offer nearly two thousand dollars' worth of new, fresh goods that have just arrived at 15 per cent. from list price for the balance of the year only. After January 1, list prices will be resumed.

### Tire Prices Will Advance Soon

Owing to a 50 per cent. increase in fabric and advanced schedule of rates of labor, so that the present prices will not continue for any great length of time.

We will sell for immediate delivery only these \$2,000.00 worth at this reduction, so that we may get our yearly rebate.

Remember, list prices only. We have handled Ajax Tires for more than six years consecutively and each tire sold carries with it the company's guarantee of 5,000 miles, together with our recommendation.

We have just completed arrangements with the Ajax factory for their representative in Barre for 1917.
